At the request of the employee, an Association representative(s) may be present at the meeting.

If any action will be taken affecting an Association member acting as a classroom teacher, extra-curricular sponsor, or coach, the Association member will be told of such possible actions(s) prior to the decision being announced to any other party, excluding the Board.

- 2.14 FAIR SHARE

A. FAIR SHARE AGREEMENT

It is recognized that the negotiations and administration of this Agreement entail expenses which appropriately are shared by all employees who are beneficiaries of said Agreement. To this end, if an employee does not join the Association, such employee will:

1. Execute an authorization for the deduction of a sum equivalent to the proportionate share of the cost of the collective bargaining process and contract administration. The total amount shall not exceed that amount established as regular Association dues; and
2. Pay directly to the Association a like sum. In the event the employee wishes contributions to be handled through payroll deductions, the money shall be remitted to the Association in the manner provided in Article 2.10.

The Association shall submit to the Board an affidavit which specifies the amount constituting said fair share not exceeding the dues uniformly required of members of the Association, and which describes the rationale and method by which the fair share was determined, including a list of the expenditures which were excluded in determining fair share.

The obligation to pay a fair share fee to the Association will not apply to any employee who, on the basis of a *bona fide* religious tenet or teaching of a teacher or religious body of which said employee is a member, objects to the payment of a fair share fee to the Association. In the event that a religious objection is filed by a nonmember of the Association and collection made of the fair share fee, the Association will make payment in behalf of the employee to a mutually agreeable nonreligious charitable organization.

In the event such an authorization is not signed or such direct payment is not made within ninety (90) calendar days following the commencement of employment, the Board shall deduct the fair share fee in equal payments from the regular salary check of the employee.

B. FAIR SHARE NOTICE AND OBJECTION

The Association shall send by first-class mail, a notice to each nonmember:

- (1) specifying the amount of fair share fee to be deducted;
- (2) advising that any nonmember may object to the amount of the fee; and
- (3) describing the process for filing objections.

The Association shall post the same fair share notice on all bulletin boards.

The Association shall certify to the Board that said notice has been mailed to all Association nonmembers in the bargaining unit.

Such fee shall be paid to the Association by the Board no later than fifteen (15) school days following deduction.

Further, it is understood members of the Association shall maintain their membership during the life of this agreement.

C. HOLD HARMLESS PROVISION

The IEA/NEA agrees to indemnify and save the Board harmless against any liability which may arise by reasons of any action taken by the Board in complying with the provisions of Section A above, including reimbursement for any legal fees or expenses incurred in connection therewith.

The Board agrees to promptly notify the Association in writing of any claim, demand, suit or other form of liability in regard to which it will seek to implement the provisions of Section A above and, if the Association so requests in writing, to surrender claims, demands, suits or other forms of liability.

In the event that an objection is filed by a nonmember during the term of this Agreement, the Board shall continue to deduct the fair share fee from the objecting employee's pay, but shall transmit the portion of said fee objected to to the Illinois Educational Labor Relations Board, which shall hold the fee in escrow. The IELRB shall investigate and consider the fair share fee objections and determine the amounts to be apportioned to the nonmember and to the Association.

ARTICLE III

GRIEVANCE PROCEDURE

3.1 Definitions

1. Any claims by the Association or any employee that there has been a violation of the terms of this Agreement shall be a grievance.
2. All time limits consist of school days, except that when a grievance is submitted fewer than ten (10) school days before the close of the current school term, time limits shall consist of all weekdays.

3.2 Procedures

The parties hereto acknowledge that it is usually most desirable for an employee and the employee's immediately involved supervisor to resolve problems through free and informal communications. If, however, the informal process fails to satisfy the employee or the Association, a grievance may be processed as follows:

Step 1-within twenty (20) school days of the occurrence of the event initiating the grievance, the employee or the Association, if a class grievance, may present the grievance in writing to the immediately involved supervisor, who will arrange for a meeting to take place within fifteen (15) school days after receipt of the grievance. An Association representative, if requested by the grievant, the grievant, and the immediately involved supervisor shall be present for the meeting. Within fifteen (15) school days of the meeting, the grievant and the Association shall be provided with the supervisor's written response.

Step II-if the grievance is not resolved at Step 1, then the Association may refer the grievance to the Superintendent or the Superintendent's official designee within fifteen (15) school days after receipt of the Step 1 answer. The Superintendent shall arrange with the Association representative for a meeting to take place within fifteen (15) school days of the Superintendent's receipt of the appeal. Each party shall have the right to include in its representation such witnesses and counselors as it deems necessary. Within fifteen (15) school days of the meeting, the Association shall be provided with the Superintendent's written response.

Step III-if the Association is not satisfied with the disposition of the grievance at Step II, the Association may submit the grievance to final and binding arbitration through the American Arbitration Association, which shall act as the administrator of the proceedings. A mutually acceptable alternative agency such as FMCS or the IELRB may also be used. If a demand for arbitration is not filed within thirty (30) school days of the date for the Step II answer, then the grievance shall be deemed withdrawn. The arbitrator shall have no power to alter, amend or modify the terms of this Agreement. The arbitrator's authority shall be limited to interpreting the specific language of this Agreement.

- 3.3 Bypass the Superintendent-if the Association and the Superintendent agree, any step of the grievance procedure may be bypassed and the grievance brought directly to the next step.
- 3.4 Class Grievance-class grievances involving a class of employees, and grievances involving an Administrator above the building level may be initially filed by the Association at Step II.
- 3.5 Association Participation - Employee Represented - the Board acknowledges the right of the grievant's representative to participate in the processing of a grievance as specified above.
- 3.6 Association Participation - Employee Not Represented - when an employee is not represented by the Association, the Association shall reserve the right to have its representative present to state its views at Step I and II.
- 3.7 Released Time - should an arbitration hearing require that an employee and an Association representative be released from their regular assignment, the employee and Association representative shall be released without loss of pay or benefits.
- 3.8 Filing of Materials - all records related to a grievance shall be filed separately from the personnel files of the employees.
- 3.9 Grievance Withdrawal - a grievance may be withdrawn at any level without establishing precedent.
- 3.10 No Written Response - if no written decision has been rendered within the time limits indicated by a step, then the grievance may be processed to the next step.
- 3.11 AAA Rules - upon mutual agreement of the parties, the Expedited Arbitration Rules of the American Arbitration Association shall be used instead of the Voluntary Labor Arbitration Rules. Nothing in this section shall preclude the parties upon mutual agreement from using other dispute resolution agencies such as the FMCS or IELRB.
- 3.12 The fees and expenses of the arbitrator shall be shared by the parties. Expenses of court reporters or recording shall be borne by the party requesting same.

ARTICLE IV

ARTICLE VIII

Job Sharing Language

Job sharing will be defined as two tenured teachers sharing the responsibility of a single teaching position. No more than two teachers will share an assignment. No more than 4 District positions will be available for job sharing per year.

1. Full-time tenured teachers may apply for position in job share. Application forms may be obtained through the principal or Administration Center.
2. Job share positions are between two individuals at 50% time, splitting the days equally as mutually agreed upon by both parties. Application for job share program for the following year must be submitted to the building principal at the location at which the job share will take place by February 1 of the year preceding the beginning of the proposed job share arrangement. With input and approval from the building principal, applications should then be forwarded with recommendations to the Superintendent no later than March 1.
3. The Superintendent shall approve or disapprove the proposed job share arrangement by May 15. If approved, all employment benefits will be prorated among job share participants based upon full-time equivalency.
4. Parties to a job share recognize that it may not be possible to equalize planning time among job share participants. In such circumstances, the job share participants will confer with the building principal to attempt to equalize planning time. Additionally, both teachers involved in the job share will attend parent conferences, open houses, holiday programs, in-service activities, District meetings of the faculty, and other meetings requiring teacher attendance and relating to District, building, program, and/or grade level activities.
5. A teacher in the job share position may only return to a full-time teaching position at the beginning of a school year, provided he or she has notified the Superintendent or designee in writing prior to March 1 of such interest, and provided a position is available that the teacher is certified and qualified for.
6. Teachers working in a shared position under this agreement must re-apply prior to March 1 each year if they wish to continue in the job share program. Such reapplication shall include feedback based on effectiveness from the parents, team members, and principal.
7. In the event the employment ends for any reason, the Superintendent or designee will have the right to return the remaining participant to full time status. The remaining teacher must accept the position or resign.

8. Job sharing personnel will have the total responsibility of handling any absences. The duo will substitute for each other. In the event that both partners are unable to teach, one of the partners must notify the District substitute caller.
9. At the high school building, the job sharing personnel must work every other day or as it relates to Aday and Bday.
10. Teachers who apply for a job sharing position must be tenured and have Proficient summative evaluations for two successive years prior to the job sharing application. (See Contract Addendum)

The District reserves the right to limit the number of participants in the job share program. No person shall exceed six years in the job share program; these limitations may be waived by the Superintendent on a case by case basis. In addition, the Superintendent or designee shall have the discretion to grant exceptions to the restrictions listed above; any exceptions granted will not set precedence.

ARTICLE IX

2. When an employee moves to the □MA or BA + 45□lane of the salary schedule, he/she must choose whether to be considered at MA or at BA+45, electing either the MA track or BA+ track respectively. Any future lane changes by said employee must align with the decision made by that employee at the □MA or BA + 45□lane. Under no circumstances will employees be able to change tracks on the salary schedule once they have elected their chosen track.

9.2 Extracurricular stipends are incorporated as Appendix B.

1. Experience will be credited for satisfactory work in the District in one general classification and experience earned in one general classification cannot be used in another classification. Teachers who have approved mileage for job-related travel will receive reimbursement at the same rate as recognized by the IRS for the preceding tax year. Mileage reimbursement will not be paid to the employee if a District vehicle was available. Employees required to travel to different buildings as part of their teaching assignment will receive mileage reimbursement at the rate mentioned above. This mileage shall be paid at the end of each quarter. The employee is responsible for keeping track of and turning in the mileage to their building principal each quarter. Reimbursement may not be requested for previous years.

9.5 Additional Positions

If during the term of the agreement, the Board shall create any additional extracurricular positions, the rate of pay shall be determined by impact bargaining between the Board and Association.

9.6 New hires will be given five (5) years credit and one-half year credit thereafter for each year of approved previous experience. For teachers hired in subjects identified by the Illinois State Board of Education as shortage areas, the Board reserves the right to credit up to all previous experience.

1. When an employee is requested to give up his/her planning periods for a minimum of one quarter of the school year to teach an extra class or perform extra duties, that employee shall be paid a fraction of his/her salary, as per the salary schedule, as follows:

Grade 5-12	1/6 of salary (1/3 if a teacher in grade 9-12 Gives up both 85 min. planning periods)
------------	--

Grade 1-4	1/10 of salary
-----------	----------------

If the extra class or duties do not last the full school year, the overload pay shall be pro-rated. An employee shall never be paid less than internal sub pay for giving up his/her planning period. This excludes any part-time Dean of Student positions.

2. If class sizes exceed the Board of Education Resolution of Class Size, the Board of Education will attempt to remedy by either adding an aide to the class or adding an additional section. If class sizes in special classes exceed 150% of the guidelines listed above, another teacher or aide will be added to that class, or an additional section will be added.

All courses shall be submitted to the Superintendent in writing for approval.

- C. The Board shall make available \$65,000 per fiscal year for the duration of this contractual agreement for reimbursement of professional growth courses/hours. The reimbursement is for hours completed between July 1 and June 30. - D. Courses eligible for reimbursement must be of graduate status and credit issued by an educational institution accredited by the National Council for Accreditation of Teacher Education (NCATE) or on the Approved College and University List (see addendum). Courses approved under past contracts will not necessarily be approved beginning with this contractual agreement. Coursework will be reimbursed in accordance with the following criteria:
1. Graduate courses taken in an Association member's current or potential teaching assignment will be reimbursed at a rate of \$250 per credit hour if approved by Superintendent.
 2. Graduate courses taken in pursuit of another teaching or educational certificate (Type 73 or 75, etc.) will be reimbursed at a rate of \$190 per credit hour. Approval to pursue another teaching or educational certificate must be approved by the Superintendent in order to be eligible for reimbursement.
 3. Graduate courses approved by the Superintendent that are directly related to the classroom teaching assignment of the Association member taken from non-NCATE accredited educational institutions or an institution not on the approved list of colleges or universities (see addendum) will be reimbursed at \$100 per credit hour.

Teachers in first year of employment are eligible for 3 hours of tuition reimbursement. No reimbursable coursework will be approved until the conclusion of the first year of teaching.

Teachers in second year of employment are eligible for six (6) hours of tuition reimbursement.

- F. With the approval of the Superintendent, employees may be enrolled in an approved masters program not directly related to their teaching assignment or curriculum and/or instruction (i.e. Administration, Counseling, Social Work, etc.). Those employees are subject to the following reimbursement requirements if they voluntarily leave District #1 within five years after completing their masters degree.

Leave within one (1) year after completion = \$5,000 of tuition reimbursement paid back to the District

Leave within two (2) years after completion = \$4,000 of tuition reimbursement paid back to the District

Leave within three (3) years after completion = \$3,000 of tuition reimbursement paid back to the District

Employees taking graduate credit hours toward a Masters in Reading/STEM certification from an institution accredited by the National Council for Accreditation of Teacher Education (NCATE) or from the Approved College and University List (see addendum) will be reimbursed at the lesser of:

1. The actual tuition cost paid at the time of enrollment and payment of tuition.
2. A rate per semester hour which is determined by averaging the rates charged by Northern Illinois University and Illinois State University at the time of enrollment and payment of tuition.

If an employee drops from the Masters in Reading or STEM certification program, the employee will be required to pay back the District for reimbursed courses at a rate determined by the difference between the Masters in Reading or STEM certification tuition reimbursement and \$250 per credit hour.

An employee who completes their Masters in Reading program or STEM certification and applies for tuition reimbursement under this section of the Agreement, must agree to work for the District for at least five years following completion of the degree. Failure to fulfill this five (5) year requirement will result in repayment of reimbursement at a rate determined by the difference between the Masters in Reading or STEM certification tuition reimbursement and \$250 per credit hour.

Tuition reimbursement paid out under this section of the Agreement will not be applied towards the tuition reimbursement limit identified in Section 10.2(C).

H. District Sponsored Coursework

Selected professional development offerings conducted within District #1 may be offered for internal credit used for movement on our certified staff salary schedule when the courses meet the following criteria:

1. Are sponsored by District #1 and are approved by the Superintendent
2. Are conducted at times other than during the contractual school day
3. Meet at least fifteen (15) hours for each one (1) hour of credit
4. Require participants to produce a product as a result of the coursework

Space in each eligible class will be granted on a first-come, first-served basis. A course may be cancelled if enrollment does not meet the minimum as determined by the administration. Courses, unless otherwise noted, may not be repeated for additional credit or stipend. Employees must attend the entire scheduled session to receive the internal credit. In order to receive internal credit, employees must complete each course in good standing as determined by the course instructor. Employees who have previously received credit for taking a specific District #1 course may audit the course, provided space is available.

Movement on the salary schedule for District #1 courses will follow the procedure in Section 10.2(B) of this Agreement.

In-District Instruction is defined as contractual staff who teach courses for in-district credit in accordance with Section 10.2.H. In-District instructors will receive \$500 per credit hour taught.

I. National Board Certification

Employees may elect to pursue National Board Certification. The incentive program for National Board Certification is as follows:

1. Employees registered for any or all of the 4 National Board components of the National Board Process, will have fees and costs paid at the time they are due, after they have applied for any state monies available. The employee will be required to complete their work within district. If the district offers support sessions, the employee will be expected to attend 80% of those sessions.
2. If the employee does not submit their entry, they may follow the National Board rules for completion. If the employee does not receive a score for the NB Component they applied for, they will pay the district back in full or follow the guidelines set up for the state monies.

Employees will be awarded 6 hours of internal credit upon receiving a score for each component.

3. If after completing all 4 components, an employee receives a passing score for the National Board Certification, they will be awarded an additional 6 hours of internal credit. If the employee is in the last lane of the salary schedule at the time of completing National Board Certification, the employee will receive a yearly \$1,000 stipend.
 4. If the employee does not receive a passing score for the National Board Certification, they may pursue the retake options and will incur the costs involved.
- J. The Board will make available \$55,000 per year for the duration of this contractual agreement for approved professional development activities. Prior written approval must be given by the Superintendent or designee for such professional leave.

If employee requests for professional development are denied because of depletion of Professional Development Activities monies, employee evaluations will not reflect the absence of participation.

- K. At the conclusion of the fiscal year, any of the \$55,000 not utilized for professional development activities will be allocated towards any outstanding tuition reimbursement from the September payment of the same fiscal year. Such payment will be made by June 30.

10.3 Retirement

An employee retiring into TRS will be paid \$25 per day for all unused accumulated sick leave if those days are not used toward additional TRS years of credit.

Early Retirement Incentives

1. Qualifications

An employee who, at the date of retirement, (a) has a minimum of fifteen (15) years of creditable service with the District; (b) is at least 55 years of age; (c) has sufficient creditable service with the Illinois Teacher's Retirement System (TRS) to retire with a full non-discounted, non-ERO pension; (d) can demonstrate (subject to School District verification), before participation, that the District will incur no TRS penalties or one-time non-refundable contributions, or contributions due to excess salary increases or excess sick leave grants or any other cause; and (e) meets the participation deadlines set forth below, will be eligible to participate in the District's early retirement incentive program as set forth below.

2. Options

A. *(One Year Notice)

In order to participate, the employee must submit an irrevocable letter of resignation to the Board by June 30 one (1) year prior to retirement. The employee shall then be removed from the salary schedule and receive a six percent (6%) increase over his/her TRS total creditable earnings for work done as a district employee for the prior year as compensation for the last year of employment.

For example: $\$50,000 + (\$50,000 \times 6\%) = \$53,000$

B. *(Two Year Notice)

In order to participate, the employee must submit an irrevocable letter of resignation to the Board by June 30 two (2) years prior to retirement. The employee shall then be removed from the salary schedule and receive a six percent (6%) increase over his/her TRS total creditable earnings for work done as a district employee for the prior year as compensation for the last two years of employment.

For example: $\$50,000 + (\$50,000 \times 6\%) = \$53,000$ □ year one

$\$53,000 + (\$53,000 \times 6\%) = \$56,180$ □ year two

C. *(Three Year Notice)

In order to participate, the employee must submit an irrevocable letter of resignation to the Board by June 30th three years prior to retirement. The employee shall then be removed from the salary schedule and receive a six percent (6%) increase over his/her TRS total creditable earnings for work done as a district employee for the prior year as compensation for the last three years of employment.

For example: $\$50,000 + (\$50,000 \times 6\%) = \$53,000$ □ year one
 $\$53,000 + (\$53,000 \times 6\%) = \$56,180$ □ year two
 $\$56,180 + (\$56,180 \times 6\%) = \$59,551$ □ year three

D. *(Four Year Notice)

In order to participate, the employee must submit an irrevocable letter of resignation to the Board by June 30th four years prior to retirement. The employee shall then be removed from the salary schedule and receive a six percent (6%) increase over his/her TRS total creditable earnings for work done as a district employee for the prior year of as compensation for the last four years of employment.

For example: $\$50,000 + (\$50,000 \times 6\%) = \$53,000$ □ year one
 $\$53,000 + (\$53,000 \times 6\%) = \$56,180$ □ year two
 $\$56,180 + (\$56,180 \times 6\%) = \$59,551$ □ year three
 $\$59,551 + (\$59,551 \times 6\%) = \$63,124$ □ year four

The 6% increase in total creditable earnings set forth in each option above is for all duties, teaching and extra-/co-curricular, held by the employee at the time of notification, inclusive of TRS contributions. If the employee resigns from any compensated duty after such notification, the amount attributed to that duty will be subtracted from his/her compensation. An employee shall not be removed from a compensated position without just cause. An employee will not be assigned to any compensated duty during his/her years of participation in this program if it causes an increase of more than 6% over the previous year's creditable earnings.

Once the compensation for all creditable duties has been determined for the school year prior to the employee's first year of participation in the District's retirement incentive program, it is expected the employee will perform that equivalent monetary amount of creditable duties (i.e. including extra-/co-curricular work, curriculum work, internal subbing, ticket taking, etc.) each year that he/she participates in the program. Employees are required to document all extra duties on time sheets that must be turned in to the District office monthly. Prior to June 15 each fiscal year, each participant in the District retirement incentive program must reconcile to the District office the amount of his/her compensation paid for extra duties with the amount of extra duty work actually performed. Compensation for work completed above that required for a particular fiscal year will be credited to duties required for the next fiscal year. Compensation for work required, but not completed, for a particular fiscal year will be performed by the employee in the next fiscal year. By June 15 of the year of retirement, the employee must have satisfied, in aggregate, the extra duties for which he/she has been compensated during participation in the retirement program.

*Any salary increase greater than 6.0% during the four consecutive years of creditable service used to determine the employee's TRS pension shall render the employee ineligible for Options A, B or C.

If for catastrophic reasons, an employee must use his/her accumulated sick leave during participation in the District's retirement incentive program and, therefore, does not achieve the maximum 75% TRS retirement annuity, the employee will be allowed to work up to one additional year at the same salary as the immediate preceding year in order to achieve the 75% annuity.

3. Additional Benefits

In addition to the salary benefits set forth above, eligible employees participating in the District's retirement incentive program will receive the following benefits:

If retiring under Option 2.A, a severance payment of \$7,500.

If retiring under Option 2.B, a severance payment of \$15,000.

If retiring under Option 2.C, a severance payment of \$22,500.

If retiring under Option 2.D, a severance payment of \$30,000.

Board agrees to fund the HSA for retirees under early retirement incentive agreement as of June 30, 2014 at \$2,500 per year.

Retirees under early retirement incentive agreement as of June 30, 2014 can elect to contribute up to the maximum IRS allowed HSA contribution in his or her own HSA account per year. The amount put into the HSA account will be deducted from the severance payment.

The District will also pay a teacher retiring under TRS \$25 per day for all unused accumulated sick leave, so long as those days are not applied toward additional service credit with TRS. These payments will be made sixty (60) days after the employee's last work day or last regular paycheck, whichever is later.

The District's obligation to make any of the payments set forth in this paragraph 3 is subject to, and contingent upon, the following:

Should the employee fail to comply with the requirements of the District's retirement incentive program, or should the employee's retirement cause the District to incur any penalties or non-refundable, one-time contributions to TRS under ERO or due to any excess salary increases or any excess sick leave grants or any other cause, then the employee will be ineligible for any severance payment set forth above. Upon receipt of written notice from TRS quantifying the amount of any penalty or non-refundable, one-time contribution due from the District because of the retirement of any employee, the District will forward a copy of such notice to that employee at his/her last known address in the books and records of the District.

If the employee has been compensated for extra duties that were not performed by the date of retirement, then the compensatory value of those duties will be deducted from the employee's severance payment.

The payments set forth in this paragraph 3 are not creditable earnings for TRS purposes. These payments will be made sixty calendar (60) days after the employee's last work day or last regular paycheck, whichever is later.

When this occurs, the administration will make a recommendation to the Superintendent requesting the number of 7 hour and 40 minute work days necessary to complete the required work. Employees completing approved work will be compensated for a 7 hour and 40 minute work day at \$250 per day or per diem, whichever is less.
